

## **THE LILAC TIME:**

### **American Eyes (Phonogram)**

**Gary:** It sounds like it's been recorded in a bin, but I thought there was something really good in there. There's something about it I like.

**Ged:** It sounds like it could have been made at any time. It could have been made 20 years ago, but it's flat. It's a bottle of *Lucozade* that somebody left the top off of.

**Gary:** It definitely just needs a kick up the backside. You're sort of sitting there willing the song to go somewhere but it never happens.

**Kit:** It left me cold. It wasn't quite the record it was trying to be. It's fish and chips but they didn't put a pickled onion in with it haha!

**Gary:** It's a *Kleenex* puppy of a record. . . (yes, I think we get the "drift" thank you – Ed).
