Hello Friends,

It's been a while but here I am. Duffy's back.

A little while back, that very famous artist, Damien Hirst (best known for cutting cows in half!), asked myself and a couple of chums to compose a tune or two for a film he was making. We got a group together, things sounded good and we decided to call ourselves **Me Me Me**.

**Me Me Me** are **Alex James** (from **Blur**), **Justin Welch** (from **Elastica**), **Charlie Bloor** (from Westminster City Council) and myself (from **Duffy**, of course). The single we've come up with is called "**Hanging Around**" and Mr Hirst liked it so much that he re-named his film in it's honour.

Those of you who listen to the wireless may already have heard "**Hanging Around**" and if you have then I'm sure that it's your favourite song in the whole world for the 2 and a half minutes it lasts. It just has that sort of effect on people.

"**Hanging Around**" by **Me Me Me** will be released on **August 5th** by those nice chaps & girls at Indolent Records. There will a luxuriously glossy gatefold 7" single backed with the equally marvellous "**Hollywood Wives**" (this song also features on the cassette single). The CD will additionally feature another **Me Me Me** original, titled "**Tabitha's Island**", which has absolutely nothing to do with the ancient TV show "Bewitched".

You'll be able to find the single in all the half decent record stores found overleaf, as well as your local HMV, Virgin or Our Price.

**Me Me Me** is a one off project, so if we appear anywhere on TV or in print make sure you don't miss it as it will never happen again.

I'll be back in a couple of months with an update on the new Duffy LP. We've started recording and you can expect the first single in the Autumn, followed by the album in the new year.

Don't forget, you look lovely.

Cheers,

Stephen
